Scenic Celebrates 10 Years Cruising France's Historic Waterways

Booking early brings rewards – 2-for-1 fares, free Premium or Economy airfare, and more

Hollywood, FL, August 2023 – “Over the past 37 years, we have always put the guest experience at the heart of everything we do, creating innovative experiences to make memories that last a lifetime,” offered Ken Muskat, Managing Director, Scenic Group USA. “We are delighted to be celebrating this exciting 10-year milestone with our guests, cruising through the beautiful Seine, Rhône and Saône rivers and the waterways of Bordeaux.”

As a leader in so many areas of luxury travel – whether land tours, river cruises or ocean sailings, Scenic has always set new standards for the industry, offering guests new innovations, new experiences and new opportunities. A short list of the innovations that have turned heads over the past 10 years includes:

- **Scenic Sun Lounge, 2012:** Scenic was the first, and to date, only river cruise line to have Sun Lounges on the Rhine, Main and Danube rivers. The original walkout balconies (also a first in the industry back in 2008) were redesigned in 2012 to give guests more opportunities to enjoy picturesque views from the all-weather balcony. At the touch of a button, the upper half of a full wall glass window slides up and down, providing a wonderful choice for guests. Leave it and enjoy incredible views and a larger all-season cabin or lower it to bring the outdoors inside and enjoy the river breezes.
- **Launched France River Cruising, 2013:** The development of new guest experiences have always been a driving force and passion for Scenic. Scenic looked to France when it sought out new possibilities for their loyal guests. The South of France itinerary (the line's first French offering) combined the exquisite local villages and romantic cities with the region's amazing wines and foods paired – all available from a new Scenic Space-Ship. Scenic now has three Space-Ships based in France.
- **Scenic Culinaire, 2017:** Culinary has long been a centerpiece of many of the highlights of visits to France and Scenic has always made sure to incorporate its importance in its offerings. Scenic pioneered culinary river cruises bringing passion for cuisine on board. Scenic Culinaire is France's only onboard cooking school using dedicated space to offer immersive courses in the culinary wonders of the Rhône, Saône and Bordeaux regions. Fresh ingredients are sourced from local markets and the cooking instructors introduce guests to regional recipes based on the itinerary regions.

- **Scenic Salt Therapy Lounge, 2017:** In 2017, Scenic became the first and continues to be the only river cruise operator to feature Salt Therapy Lounges on France’s waterways (and in 2018, added to the Space-Ships on the Rhine, Main and Danube rivers). The three-station salt lounge offers guests a non-invasive way to feel energized and healthier while relaxing. The humidity and temperature-controlled room is handcrafted from salt bricks and creates a micro-climate of a natural salt mine. Its three inclined lounging chairs are separated by light curtains for privacy, and low-level lighting and calming music promotes the natural relaxing effects of the salt. Guests are free to use the rooms as they wish, where the negatively-charged salt ions bear a very high kinetic energy and offer the same refreshing feeling that one might find when standing on a beach.

Scenic's ultra-luxury experiences are designed to bring the very best in each region to guests. Exclusive Scenic Enrich offer once-in-a-lifetime activities including enchanting classical concerts at Avignon's Palais des Papes or Bassins de Lumières, a contemporary art installation housed in a former WWII submarine base with a private after-hours access. Epicurean themed cruises showcase the finest regional produce from the best producers, whether visiting Grand Cru Classé wine estates and chateaus, or unveiling the secrets of Aquitaine's prized truffle farm.

Showcasing the rich history of the region is something Scenic Journey Designer Janelle Maher is proud to have worked on, ahead of the 80th Anniversary of D-Day landings in 2024. “Paying our respects to those brave service men and women for the sacrifices they made is something I am particularly proud to share with our guests,” she states.

Booking early has rewards – besides the company’s popular 2-for-1 fare promotion (prices below reflect these savings). Guests can also enjoy free Premium Economy or free Economy airfare (or an air credit of up to \$2,000 per couple) when full payment is made 10 months prior to departure or for bookings made within the 10 months, within 30 days of booking or 90 days prior to departure - whichever is soonest. All offers applicable on select river cruises and cabin categories.
